Re: Ex Parte Notice, Docket No. PS 06-229

Dear Ms. Dortch:

Pursuant to 47 C.F.R. § 1.1200, *et seq.*, Harris Corporation (“Harris”) hereby notifies the Federal Communications Commission (“Commission”) of the following ex parte communication in the above-referenced proceeding. This ex parte filing is a follow-up to an ex parte presentation that occurred between the Commission’s Public Safety and Homeland Security Bureau (“PSHSB”) and Harris on November 12, 2010.¹ On December 20, 2010, on behalf of Harris, JoAnne Dalton e-mailed Pat Amodio, Behzad Ghaffari, and Jennifer Manner of the PSHSB with supplemental information regarding Harris’ proposed notional network architecture for a nationwide public safety broadband network. The e-mail also included a comparison of Harris’ proposed notional network architecture to a similar proposal submitted to the Commission by Alcatel-Lucent.²

Attached is a copy of the document provided via e-mail to the aforementioned members of the PSHSB.

Respectfully submitted,

/s/

JoAnne Dalton
